ThunderClient, Postman

ACHIEVMENTS

- Rising Star : Award for outstanding performance .
- AZ-900 Microsoft Azure Fundamentals.
- Ocean L1 Certification : Visualization Consultant (SACBO)
- **70+** questions solved in Leetcode.

[Leetcode/Sourabhsrc](https://leetcode.com/Sourabhsrc)

INTERESTS

- Programming , Football and Fitness

SUMMARY

4+ years of experience as a **Next-Js/React-Js** developer, currently working in new Login flow for DIRECTV (client). For Designing I am familiar with libraries like Material-UI, Bootstrap, y-works and Ag-grid for visualization. Collaborates effectively with team members to ensure code quality, maintainability, and scalability.

WORK EXPERIENCE

Associate Consultant

Oct 2023 - Present

Cognizant

- Designed and developed a single Page application for new Login Flow of Directv (client) and implemented dynamic loading, memoization to increase performance.
- Integrated **ForgeRock** api callbacks and used **PKCE** for secure authentication process.
- Implemented MFA for any change in profile page and manages the old registration and forgot flows of Directv.

Associate Consultant

Oct 2020 - Aug 2023

Capgemini

- Designed and developed the user interface for a web-based supply chain application using **ReactJS 18**, resulting in a responsive and user-friendly product tracking system.
- Utilized data visualization libraries such as **YWorks** and **Ag-Grid** to create dynamic and interactive data displays, allowing users to filter and analyze product information with ease.
